\$SAAARK TOKEN IS TO HELP SAVE SHARKS ECOSYSTEM

By nature, I keep moving, man. My theory is, be the shark. You've just got to keep moving. You can't stop. – Brad Pitt.

Sharks! Known as the monsters of the ocean, they are the absolute most developed hunters Earth has at any point seen. Simultaneously, there is still a ton of secret encompassing these profoundly clever animals. A significant part of the persona stays concealed inside the shadows of the most unfathomable Ocean. We truly do know this much, they are an indispensable piece of the universes sea-going biological systems and they deserve both our consideration and assurance.

Eventually we want to zero in on essential objectives on the off chance that we desire to switch the descending pattern:

Mindful Consumption | Maintainable Administration | Sustainable Management Practices | Responsible Trade Agreements | Creating Marine Protected Areas (MPAs) for Sharks | Research, Awareness Education and Training

JOIN THE FASTEST GROWING SHARK CRYPTO COMMUNITY

By combining the power of memes and charity, SAAARK aims to be the most known and most used cryptocurrency not just in the world among the Shark enthusiasts.

- SAAARK token is built on Binance Smart Chain (BSC) with a smart code that makes it safe to invest.
- Token Symbol: SAAARK
- BSC contract: 0x4D64eDaE074c5aB29aAE5C6Dd629a7D07C457F53
- Our tokens have fixed supply unlike Dogecoin.
- Be a part of Shark Crypto Currency and not being just another holder becoming victim to developer rugpulls.

DEVELOPING SHARKS CHARITABLE ECOSYSTEM

It is our goal to inspire others to live their own dreams and make a difference by protecting sharks, our ecosystems and our oceans. Lets create the blockchain technology tools required to engage others in educating our about sharks world wide. As our founders are from charity and social services background, SAAARK aims to provide financial support in Saving Sharks Ecosystem.

SAAARK's core vision is to organize and support various projects including but not limited to the followings:

- > Shark Protected Ecosystem
- > Save Sharks Projects
- > Sharks Conservation through Awareness, Education and Entertainment
- > We aim to provide free and better education to the sea side community
- > In the near future, we are planning to work on Shark NFT Marketplace, Decentralized Exchange and more...
